Or capo 3, play G (G, C, D)

I IV  
Back in the days of my childhood  
I V  
In the evening when everything was still  
I IV  
I used to sit and listen to the foxhounds  
I V I  
And my Dad in them old Kentucky hills

## **CHORUS:**

I IV  
***I'm on my way back to the old home***  
I V  
***That road winds on up the hill***  
I IV  
***But there's no light in the window***  
I V I  
***That shines long ago where I lived***

Soon my childhood days were over  
I had to leave my old home  
For Dad and Mother was called to Heaven  
I was left in this world all alone

High in the hills of old Kentucky  
Stands the fondest spot in my memory  
I'm on my way back to the old home  
That light in the window I long to see
